Contents of Volume 14

NUMBER 1, JANUARY 1982

LINLEY, E. A. S. and FIELD, J. G., The nature and ecological significance of bacterial aggregation in a nearshore upwelling ecosystem	1
PAUL, R. K. G., Abundance, breeding and growth of <i>Callinectes arcuatus</i> Ordway and <i>Callinectes toxotes</i> Ordway (Decapoda, Brachyura, Portunidae) in a lagoon system on the Mexican Pacific coast	13
TEE, K.-T., The structure of three-dimensional tide-generating currents: experimental verification of a theoretical model	27
WILLEY, J. D. and ATKINSON, L. P., Natural fluorescence as a tracer for distinguishing between piedmont and coastal plain river water in the nearshore waters of Georgia and North Carolina	49
SKEI, J. M. and MELSOM, S., Seasonal and vertical variations in the chemical composition of suspended particulate matter in an oxygen-deficient fjord	61
HUTHNANCE, J. M., On one mechanism forming linear sand banks	79
FISHER, T. R., CARLSON, P. R. and BARBER, R. T., Sediment nutrient regeneration in three North Carolina estuaries	101
ANNOUNCEMENT	117

NUMBER 2, FEBRUARY 1982

YINGST, J. Y., Factors influencing rates of sediment ingestion by <i>Parastichopus parvimensis</i> (Clark), an epibenthic deposit-feeding holothurian	119
MURRAY, S. P., HSU, S. A., ROBERTS, H. H., OWENS, E. H. and CROUT, R. L., Physical processes and sedimentation on a broad, shallow bank	135
KNEIB, R. T., The effects of predation by wading birds (Ardeidae) and blue crabs (<i>Callinectes sapidus</i>) on the population size structure of the common mummichog, <i>Fundulus heteroclitus</i>	159
ASTON, S. R. and STANNERS, D. A., Local variability in the distribution of Windscale fission products in estuarine sediments	167

MORRIS, A. W., BALE, A. J. and HOWLAND, R. J. M., The dynamics of estuarine manganese cycling	175
McKENNEY, C. L., JR. and COSTLOW, J. D., JR., The effects of mercury on developing larvae of <i>Rhithropanopeus harrisi</i> (Gould). I. Interactions of temperature, salinity and mercury on larval development	193
NOTES AND DISCUSSIONS	
BELL, S. S., On the population biology and meiofaunal characteristics of <i>Manayunkia aestuarina</i> (Polychaeta: Sabellidae: Fabricinae) from a South Carolina salt marsh	215
SUTHERLAND, W. J., Food supply and dispersal in the determination of wintering population levels of oystercatchers, <i>Haematopus ostralegus</i>	223
BOOK REVIEWS	231

NUMBER 3, MARCH 1982

PAASCHE, E. and KRISTIANSEN, S., Nitrogen nutrition of the phytoplankton in the Oslofjord	237
ÖZSOY, E. and ÜNLÜATA, Ü., Ebb-tidal flow characteristics near inlets	251
POXTON, M. G., ELEFThERIOU, A. and MCINTYRE, A. D., The population dynamics of O-group flatfish on nursery grounds in the Clyde Sea Area	265
GIBBS, R. J., Currents on the shelf of north-eastern South America	283
ARMITAGE, M. E. and MORRIS, R. J., The effect of changing environmental salinity on the free amino-acid composition of an estuarine population of <i>Neomysis integer</i>	301
GIBBS, R. J., Turbid horizons at mid-depth in the Wilmington Canyon area	313
HANSON, R. E., Organic nitrogen and caloric content of detritus. II. Microbial biomass and activity	325
CECCHERELLI, V. U. and FERRARI, I., Annual and seasonal variations of zooplankton in a shallow-water lagoon system, the Valli of Comacchio	337
BOOK REVIEWS	351

NUMBER 4, APRIL 1982

FRANZ, D. R. and WORLEY, E. K., Seasonal variability of prey in the stomachs of <i>Astropecten americanus</i> (Echinodermata: Asteroidea) from off southern New England, U.S.A.	355
READMAN, J. W., MANTOURA, R. F. C., RHEAD, M. M. and BROWN, L., Aquatic distribution and heterotrophic degradation of polycyclic aromatic hydrocarbons (PAH) in the Tamar Estuary	369
DUGAN, P. J. and LIVINGSTON, R. J., Long-term variation of macroinvertebrate assemblages in Apalachee Bay, Florida	391
ALI, A., A comparison between vertically integrated and multilevel models of tidal dynamics in channels	405
LANE, J. M. and LAWRENCE, J. M., Food, feeding and absorption efficiencies of the sand dollar, <i>Mellita quinquesperforata</i> (Leske)	421
CLIFTON, R. J. and HAMILTON, E. I., The application of radioisotopes in the study of estuarine and sedimentary processes	433
ANDERSON, D. M., KULIS, D. M., ORPHANOS, J. A. and CEURVELS, A. R., Distribution of the toxic dinoflagellate <i>Gonyaulax tamarensis</i> in the southern New England region	447
NOTES AND DISCUSSIONS	
OFFICER, C. B., Fluid and material diffusion coefficient determinations from sediment cores	459
NEWELL, S. Y., HICKS, R. E. and NICORA, M., Content of mercury in leaves of <i>Spartina alterniflora</i> Loisel. in Georgia, U.S.A.: an update	465

NUMBER 5, MAY 1982

ADMIRAAL, W., PELETIER, H. and ZOMER, H., Observations and experiments on the population dynamics of epipelagic diatoms from an estuarine mudflat	471
MCLUSKY, D. S., The impact of petrochemical effluent on the fauna of an intertidal estuarine mudflat	489
JOHNSON, G. E. and GONOR, J. J., The tidal exchange of <i>Callinassa californiensis</i> (Crustacea, Decapoda) larvae between the ocean and the Salmon River estuary, Oregon	501

DAUVIN, J.-C., Impact of Amoco Cadiz oil spill on the muddy fine sand <i>Abra alba</i> and <i>Melinna palmata</i> community from the Bay of Morlaix	517
TAGUCHI, S., Sedimentation of newly produced particulate organic matter in a subtropical inlet, Kaneohe Bay, Hawaii	533
TAGUCHI, S., Seasonal study of fecal pellets and discarded houses of Appendicularia in a subtropical inlet, Kaneohe Bay, Hawaii	545
NEDWELL, D. B., Exchange of nitrate, and the products of bacterial nitrate reduction, between seawater and sediment from a U.K. saltmarsh	557
PRESTON, M. R. and RILEY, J. P., The interactions of humic compounds with electrolytes and three clay minerals under simulated estuarine conditions	567
STOFFYN-EGLI, P., Conservative behaviour of dissolved lithium in estuarine waters .	577

NUMBER 6, JUNE 1982

BEARDALL, J., FOSTER, P., VOLTOLINA, D. and SAVIDGE, G., Observations on the surface water characteristics in the western Irish Sea: July 1977	589
DRONKERS, J., Conditions for gradient-type dispersive transport in one-dimensional, tidally averaged transport models	599
HAMMOND, R. R. and WALLACE, W. J., Seabed drifter movements in San Diego Bay and adjacent waters	623
HEATHERSHAW, A. D., Some observations of currents in shallow water during a storm surge	635
MORRIS, A. W., BALE, A. J. and HOWLAND, R. J. M., Chemical variability in the Tamar Estuary, south-west England	649
EDWARDS, S. F. and WELSH, B. L., Trophic dynamics of a mud snail [<i>Ilyanassa obsoleta</i> (Say)] population on an intertidal mudflat	663
STANNERS, D. A. and ASTON, S. R., Desorption of ¹⁰⁶ Ru, ¹³⁴ Cs, ¹³⁷ Cs, ¹⁴⁴ Ce and ²⁴¹ Am from intertidal sediment contaminated by nuclear fuel reprocessing effluents	687
SCUDLARK, J. R. and JOHNSON, D. L., Biological oxidation of arsenite in seawater .	693
BOOK REVIEWS	707

Index to Volume 14

Note: The subject index is based upon the keywords allocated to each paper. The keywords are rotated in order so that each one appears once as the first index term. The complete list of permitted keywords is published in *Estuarine and Coastal Marine Science* 5 (2), i-xl.

- Absorption; caloric content; sand dollars; Florida; feeding; guts, 421
- Abundance; seasonal variations; breeding; growth; migration; coastal lagoons; Mexico west coast; crabs, 13
- ADMIRAAL, W., PELETIER, H. and ZOMER, H., Observations and experiments on the population dynamics of epipellic diatoms from an estuarine mudflat, 471
- Adriatic Sea; zooplankton; seasonal variations; lagoons; Italy coast, 337
- Aggregates; particulate matter; dissolved organic compounds; upwelling; filter feeders; detritus; South Africa coast; bacteria, 1
- Algal culture; productivity; Ems estuary; micro-algae; benthos; population dynamics, 471
- ALI, A., A comparison between vertically integrated and multilevel models of tidal dynamics in channels, 405
- Americium; polonium; caesium; ruthenium; sedimentation rates; spatial distribution; mixing; radionuclides, 433
- Amino acids; estuarine fauna; Mysidacea; tides; models; salinity, 301
- Ammonium ions; nitrates; emission spectroscopy; plankton; temperature; seasonal variations; Oslo Fjord, 237
- ANDERSON, D. M., KULIS, D. M., ORPHANOS, J. A. and CEURVELS, A. R., Distribution of the toxic dinoflagellate *Gonyaulax tamarensis* in the southern New England region, 447
- ANNOUNCEMENT, 117
- Anoxic conditions; manganese; Norway; suspended matter; seasonal variations; fjords, 61
- Aquatic; distribution; sediment distribution; estuaries; England; polycyclic aromatic hydrocarbons, 369
- ARMITAGE, M. E. and MORRIS, R. J., The effect of changing environmental salinity on the free amino-acid composition of an estuarine population of *Neomysis integer*, 301
- Arsenic compounds; speciation; oxidation; bacteria; biogeochemistry; Narragansett Bay, 693
- Asteroidea; Massachusetts coast; predation; seasonal variations; Echinodermata, 355
- ASTON, S. R. and STANNERS, D. A., Local variability in the distribution of Windscale fission products in estuarine sediments, 167
- , see STANNERS, D. A., 687
- ATKINSON, L. P., see WILLEY, J. D., 49
- Bacteria; aggregates; particulate matter, dissolved organic compounds; upwelling; filter feeders; detritus; South Africa coast, 1
- ; biogeochemistry; Narragansett Bay; arsenic compounds; speciation; oxidation, 693
- BALE, A. J., see MORRIS, A. W., 175, 649
- BARBER, R. T., see FISHER, T. R., 101
- Beach processes; boundary currents; rainfall; Nicaragua coast; coastal currents; meteorology; carbonate sediments; shoreline, 135
- BEARDALL, J., FOSTER, P., VOLTOLINA, D. and SAVIDGE, G., Observations on the surface water characteristics in the western Irish Sea: July 1977, 589
- BELL, S. S., On the population biology and meiofaunal characteristics of *Manayunkia aestuarina* (Polychaeta: Sabellidae: Fabricinae) from a South Carolina salt marsh, 215
- Benthic organisms; estuaries; pollution; Eh; Firth of Forth; petrochemicals, 489
- Benthos; population dynamics; algal culture; productivity; Ems estuary; micro-algae, 471
- Bioassay; Irish Sea; nutrient distributions; phytoplankton; thermal discontinuity, 589
- Biogeochemistry; Narragansett Bay; arsenic compounds; speciation; oxidation; bacteria, 693
- Birds; cockles; population dynamics; intertidal mud habitat; Irish Sea, 223
- ; killifish; population dynamics; salt marshes; North Carolina coast; predation; size; crabs, 159
- BOOK REVIEWS, 231, 351, 707
- Bottom drifters; California coast; San Diego Bay, seabed drifters; current; coastal, 623
- Boundary currents; rainfall; Nicaragua coast; coastal currents; meteorology; carbonate sediments; shoreline; beach processes, 135

- Breeding; growth; migration; coastal lagoons; Mexico west coast; crabs; abundance; seasonal variations, 13
- Bristol Channel; England coast; storm surges; currents, 635
- BROWN, L., *see* READMAN, J. W., 369
- Caesium; ruthenium; sedimentation rates; spatial distribution; mixing; radionuclides; americium; polonium, 433
- California coast; San Diego Bay; seabed drifters; current; coastal; bottom drifters, 623
- Caloric content; nitrogen; nutrition; microbial activity; detritus, 325
- —; sand dollars; Florida; feeding; guts; absorption, 421
- Canada east coast; tidal currents; mathematical models; current measurements; harmonic analysis; vertical profiles; vertically homogeneous estuaries; currents, 27
- Cape Cod; red tide; cysts; resting spores; trace elements; toxicity; shellfish fisheries; dinoflagellates, 447
- Carbon; chlorophylls; Hawaii; fecal pellets; houses; Larvacea; sedimentation; sinking, 545
- ; nitrogen; chlorophylls; wind; Hawaii; sedimentation; suspended sediments, 533
- Carbonate sediments; shoreline; beach processes; boundary currents; rainfall; Nicaragua coast; coastal currents; meteorology, 135
- CARLSON, P. R., *see* FISHER, T. R., 101
- CECCHERELLI, V. U. and FERRARI, I., Annual and seasonal variations of zooplankton in a shallow-water lagoon system, the Valli di Comacchio, 337
